CONNECTICUT RIVERS COUNCIL CUB SCOUT SUMMER CAMP

CONNECTICUT RIVERS COUNCIL offers over 30 sessions of Cub Scout Summer Camp opportunities! These include full week day camps, full week overnight resident camps, one night family camps, and two or three night mini-week resident camps

REGISTER NOW: CTRIVERS.ORG/CAMPING

FAMILY CAMP

Summer camp is not just for Scouts! Everyone is welcome to family camp: brothers, sisters, aunts, uncles, we've even had grandparents attend. These sessions run from mid-day Saturday to mid-day Sunday and are the perfect introduction to camping for our youngest Cub Scouts but are open to all. Scouts will participate in the same shooting sports, crafts, boating, swimming, Scout skills and more as longer resident camps.

MINI-WEEK

A step up from a single overnight experience but another great option to introduce Cub Scouts to overnight camping. These weeks help Cub Scouts gain confidence and help them build up to a full week of overnight camp. Meals are prepared for them and they sleep in our camp's walled tents to ensure a great experience.

DAY CAMP

Where else can you shoot BBs and archery, swim, make crafts, and learn Scout skills all in the same day? Camps run Monday through Friday with program running from 9-4. Our 2018 theme is **PASSPORT TO ADVENTURE**. Scouts that will be Lions or Tigers (and siblings of same age) in the fall of 2018 must have an adult partner attend with them. Some activities will vary by location.

CUB RESIDENT CAMP

This week long camp, open to Cub Scouts of all rank levels, provides Scouts the opportunity to delve deeper into activities and fulfill more rank advancement. Cub Scouts who attend a week-long camp are on their way to becoming confident and knowledgeable campers, making the transition to Boy Scouts easier.

WEBELOS RESIDENT CAMP

A week just for Webelos! Any Scout that will be a Webelo or Arrow of Light Scout in fall 2018 is invited. These weeks mimic many of the features the Webelos will experience at Boy Scout camp to help them get used to what they will experience when they cross-over.
